ANOTHER SUCCESS

Scored By the Mason County Woman's Club Last Night in the Second Presentation of "Betsy Trotwood's Tea Party."

Another marked success was scored by the Mason County Woman's Club last evening in the presentation of their delightful little playlet, "Betsy Trotwood's Tea Party." This the second presentation of the play and again it was greatly enjoyed by the audience.

A very large crowd was present at the Washington to see the playlet and also the picture, "The Velvet Paw." Those who had seen the previous presentation said that the second was better than the first and certainly it was equally as good. Of course on the regular stage the costumes and scenery showed up much better than in the club room of the organization and therefore the play was much better.

The picture, "The Velvet Paw," featuring Gail Kain and House Peters, was greatly enjoyed by the audience. The Brady made pictures are rapidly becoming very popular in this city and the people are rapidly becoming more interested in them.

The proceeds of the evening were donated to the Woman's Club for use in their work. The ladies are plan-

ning to make their club room more attractive in every particular and are endeavoring to get money to equip it handsomely. They realized quite a neat sum from last night's performance, which added to the funds on hand from the previous show, make them a good sum for their work.

HAVING SPLENDID SUCCESS

Sergeant Charles Baldwin of the United States Army, who has been stationed in this city since the first of the month with the view of obtaining recruits for Uncle Sam's guardians, has met with remarkable success in obtaining recruits. To date he has obtained about 20 men to join the ranks and he is confidently expecting to double that number before his time is up in this city.

PNEUMONIA CAUSED DEATH

Mrs. Mary E. McIntire died yesterday morning at the home of her niece, Mrs. John D. Wyatt on West Front street. Mrs. McIntire had been ill but about a week of pneumonia. Mrs. McIntire was 70 years of age. She was a native of Fleming county, but was making her home here with her niece. She was a very well known lady. The funeral will be held this afternoon at 2 o'clock from the Methodist Church in Flemingsburg, with burial in the Flemingsburg Cemetery.

MUSICAL COMEDY

"A Day at Coney Island" Will Be Shown in the Washington Opera House—Splendid Cast.

The Elks Musical Comedy, "A Day at Coney Island," will be shown tonight in the Washington Opera House in its first performance. The second show will be given on tomorrow night and large audiences are expected at both shows.

All of the rehearsals for the musical comedy are over and all is ready for the pulling of the curtain tonight at 8:15. This show is composed of about two hundred of Maysville people, a feature of the evening being a children's chorus of about 100 of the kiddies. This show is equal to any \$1.50 show on the road, so the directors say.

Immediately before the show the Maysville Blue Grass Concert Band will give a concert in front of the Washington. This concert will be up to the standard of music played by this most excellent band.

The cast of the show has been carefully picked out and each member is in the place best suited for them. During the rehearsals much time was spent in picking the various characters in order to get the right type of person in the role.

Some of those taking principal parts are Misses Bona Fitzgerald, Martha G. Sharp, Lucy Smith, Margaret Smith, Elizabeth Boughton, Elizabeth Peed, Dr. J. A. Dodson, Messrs. Leon Squires, John Dudley Keith, Jack Farrah, James Rasp, Eugene McCarthey, Arthur Helmer, Joseph Calvert, Bobby Willocks, Clyde Holcombe.

The Beauty Chorus is comprised of Misses Carroll Matthews, Bess L. Bell, Marion Power, Mary Kehoe, Fannie Thomas, Frances Thomas, Susan Thompson, Luella Greenlee, Ria Ross, Frances Dixon Ball, Aileen Berry and others.

Mr. John Boyer, a former resident of Maysville died at his home in Ripley, Ohio, Sunday night, February 11, after a short illness of pneumonia. The announcement of his death came as a great shock to his many friends in this city.

Mr. Boyer was born in June, 1839, in Ohio near Ripley. The early part of his life was spent near his birthplace. At the outbreak of the Civil War he enlisted in the 172 Ohio regiment and served throughout the great conflict. After the war he came to Maysville to make his home. For a number of years he was magistrate in the Second District in this county. About four years ago he removed with his daughter to Ripley, where he has lived since, making occasional trips to this city to visit his old friends.

Mr. Boyer is survived by three daughters, Mrs. Laura Pierce of Cincinnati, Mrs. David Altman of this city and Miss Kate Boyer of Ripley, and one son, Mr. John Boyer of Cincinnati. His wife has been dead for a number of years.

Mr. Boyer was known to all of his friends as being a very kind and considerate gentleman and always ready to help a friend. He served very efficiently as magistrate. He was a gentleman of the highest degree and will long be remembered by the citizens of Maysville. He was a consistent member of the Methodist Episcopal Church and always attended whenever possible.

The funeral was held yesterday afternoon from his late home in Ripley. Interment was made in the Maplewood Cemetery. Rev. J. Elbert Thomas of that place conducted the funeral services.

A BASIS FOR REUNION

The Washington Post, a journal whose Democratic proclivities are well known, reads the Republicans in Congress a lesson in party solidarity; pointing out that dissensions in Republican ranks, largely growing out of conflicting personal ambition, have permitted nothing but guerilla warfare against the Democrats for four years and instancing the unbroken front which the Democrats maintained throughout the long years of their minority.

We hope the lesson will be taken to heart. For the next two years it is the duty of Republicans in Congress to present to the administration and to the majority that constitutional opposition which our political and parliamentary system provides. Such opposition can be effective only through complete party cohesion; for while there are many points of cardinal Republican policy. A special opportunity for this arises right now in connection with the pending corrupt practices bill.

This measure, designed to secure elections free from the taint of corrupting money influence, should be perfected so as to secure elections which shall be free and fair in every respect. Its Democratic framers have confined themselves to the narrow motive of eliminating the expenditure of money; they have had an eye single to the party organization; they have lost sight of the individual elector—whose rights and privileges are abridged in many States in such wise that no expenditure of money can overcome the handicap.

In the South, all colored voters and many whites are denied the right to vote, which is a far greater outrage upon the suffrage than the sporadic and generally ineffective attempts to use money in the purchase of votes. Here is a question which affects not only the vital interests of the Republican party but which menaces the perpetuity of our free institutions. It is also a question akin to the great issue which gave the Republican party birth and it grows out of the great events which determined, once for all, the structure of the Nation. It is also a question which contains the highest essence of social justice, for which the uneasy spirits who are agitating for Republican reorganization along progressive lines claim to be contending; and it is a question upon which both the Old Guard and the most advanced minds should be able easily to co-operate.

In this Congress and in the next, this question affords a common meeting-ground for Republicans of all shades of opinion. It offers a course of action which Republicans everywhere will commend. It takes Republicanism back to first principles. If properly dealt with, it means renewed and continued Republican supremacy.

END OF THE COMMISSION FARCE

Since the mixed commission composed of representatives of the United States and of Mexico has accomplished the main result for which it was apparently intended, it has dissolved.

During the troublous months preceding the late Presidential election Mexico was giving the administration much anxiety. If the whole question could be sidetracked until November, the administration would be out of its predicament. And so the commission idea was eagerly seized upon. Days went by. Weeks stretched their weary lengths into months and nothing whatever was accomplished. Now that there is no longer need to play politics, the end has come.

The commission drew up a protocol which Carranza has refused to sign. The whole matter is back in the hands of the President where it was before the commission was created to consume time. Since the government has recognized the Carranza de facto government, there seems to be no longer reason why the American Ambassador should not proceed to the Carranza headquarters. And what is more, Pershing's troops ought to be brought home. They have never been given a chance to do anything and they can be of more service on the border.

What the President's new policy will be—if he has any in mind which is doubtful—is conjectural. But what he might do is this: Notify Carranza that he will be expected to protect our border and American and foreign interests. If he fails in doing so, our troops will invade Mexico in pursuit of bandits, or occupy northern towns necessary, to enforce American rights.—Philadelphia Inquirer.

MILITARY TRAINING IN PUBLIC SCHOOLS

"Military training in the schools conceived as military drilling is undesirable and unavailing; military training conceived as a comprehensive program of physical, moral, and civic education is desirable and even necessary," declares Dr. W. S. Small in a chapter on education hygiene in the Annual Report of the Commissioner of Education, Department of the Interior.

Dr. Small points out that military training thus conceived "offers a possibility of unifying and ennobling the now confused and disjointed activities in the field of physical and moral discipline. The physical and moral values of both gymnastics and athletics are well understood, but both lack comprehensive and unifying motive. As systems of gymnastics are individualistic. Their appeal is to the desire of the individual for physical perfection. Competition is narrowly individualistic. Systems of athletics are mostly based upon group competitions, and if properly managed are very valuable, not only for physical development but also for training in the very fundamentals of social morality. But the philosophy of athletics is the philosophy of play, and the philosophy of play is the philosophy of instinct—a philosophy that is not comprehensive enough to serve as a solid basis of physical and moral education. Military training rightly conceived includes these motives and subordinates them to the idea of patriotism."

The report describes and discusses the so-called "Wyoming plan" originated by Capt. E. Z. Steever, U. S. A., outlines the plan of the New York military commission in relation to physical training, and analyzes the relation of military training to school organization, concluding that "military training in the strict and technical sense will not be grafted upon the schools, but military training in the sense of a comprehensive program for physical, moral, and civic education in which some appropriate military affairs may be included is likely to find its way into all schools."

Will Be Taken By U. S. If Sailors Are Held Longer—Inquiry Sent to Berlin Asking Explanation of Detention of 72 American Seamen of Prize Ship Yarrowdale.

Washington, February 13.—An inquiry concerning the detention by Germany of the seventy-two American seamen brought in by the prize ship Yarrowdale was dispatched to Berlin today by the United States preliminary to more vigorous action if the men are not promptly released.

The plight of the sailors occupied much of the time at today's cabinet meeting given over to the crisis growing out of Germany's submarine warfare. It was agreed that their liberty again should be demanded in most emphatic fashion. Pending complete reports as to the treatment of

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years doctors pronounced it to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O.

German crews in war-bound ships in the Philippines, Hawaii and elsewhere the government will content itself with the inquiry as to why the Americans are held and under what conditions.

The cabinet discussed every phase of the international situation. The question of providing navy guns for American shipowners desiring to arm their vessels for defense was taken up but it was stated officially afterward that no decision was reached. It is understood that there was a division of opinion with most of the cabinet officers strongly favoring furnishing the guns, both on the ground that permitting American ships to remain idle in port suggests acquiescence in Germany's course and because the congestion of ocean-bound freight in the country's ports is assuming serious proportions. Two or three members are said to have contended that the policy would be unwise. The President will decide the question.

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. REVENUE BILL INCREASE URGED

—BOND ISSUE OF \$195,256,000 INSTEAD OF \$100,000,000 IS RECOMMENDED

Washington, February 13—A Treasury deficit of \$333,400,000 at the end of the next fiscal year is forecast in a report submitted today by the Senate Finance Committee recommending that the administration revenue bill be amended to authorize a bond issue of \$195,256,000 instead of \$100,000,000 and that the authorization for certificates of indebtedness be made \$500,000,000 instead of \$300,000,000. The recommendation for increases is based on revised Treasury Department estimates submitted to Congress since the bill passed the House, placing the Federal Government's expenditures for the fiscal year 1918 at \$1,400,000,000. The committee estimates that to meet this total and provide a working balance, the amount which must be raised by bonds and new revenue legislation is \$433,400,000. This the committee proposes to raise as follows:

By bond issues: For expenditures on account of the Mexico situation to June 30, 1917, \$162,418,000; for construction of Alaskan railway to June 30, 1918, \$21,828,000; for construction of armor plate plants, \$11,000,000; making a total bond issue of \$195,256,000.

By new taxation: An excess profit tax, \$226,000,000; inheritance tax increases \$22,000,000, making a total of \$248,000,000, and a grand total from new taxes and bonds of \$443,256,000, or \$9,856,000 in excess of absolute needs. In its report the committee explained that the proposed authorization to issue short term certificates of indebtedness to \$500,000,000 is for the purpose of tiding the Treasury over until new taxes come in. Large portion of the total revenue of the government now is payable during the last month of the fiscal year and probably worse than \$500,000,000 of revenue would, in the opinion of the committee, be collected during June, 1918.

"The income tax, the munitions manufacturers' tax and the excess profits tax are all due and payable in June of each year, the report says. "This is practically as much as will be collected during the entire preceding eleven months. This is, while the disbursements for 1918 may be less than the receipts for that year, still at certain periods prior to June the Treasury may need these certificates of indebtedness to tide it over. The bill probably will be brought up in the Senate Friday.

HOUSE PASSES NAVAL MEASURE

—BILL CARRIES LARGEST APPROPRIATION IN HISTORY OF COUNTRY

Washington, February 13—The largest naval appropriation bill in the country's history was passed today by the House and sent to the Senate, where a sub-committee immediately was appointed to hasten its consideration. It carries more than \$368,000,000, provides for the second installment of the great three-year building program adopted last year, and includes administration emergency amendments authorizing the government to commandeer private shipyards and munitions plants in time of national peril and to purchase the basic patents of aircraft. The vote on the bill was 353 to 23, eighteen Democrats, headed by Majority Leader Kitchin, four Republicans and one Socialist voting against it.

During the debate, which was in progress intermittently for about a week, various provisions proposed as a result of the submarine crisis were added to the measure. Because of the government's difficulty in placing contracts for warships authorized last year, an amendment asked for Secretary Daniels providing an additional \$12,000,000 for equipping navy yards for construction was inserted. The army bill will be taken up in the House Thursday.

GUARDING THE CHILDREN

(New York American)

Remember that the surest defense against infection of any kind is to keep the body clean inside and outside.

Look after your children's diet with the utmost care. See that their bodies and their clothing are just as clean as they can be.

See to it that the drainage sewers of their bodies are kept open and thoroughly flushed. The more water they drink the better for them.

Expose them to the sunshine as much as possible. Keep them out of doors as long as you can.

There are no better doctors than Dr. Sunshine and Dr. Freshair.

Wash the children's nostrils out frequently with a solution of boric acid.

Encourage them to play hard, perspire freely, eat well and sleep well.

The strong, healthy, clean body will often withstand the attacks of malignant bacilli which would kill the feeble, ill-nourished and dirty body.

DON'T WAIT

Take Advantage of a Maysville Citizen's Experience.

When the back begins to ache. Don't wait until backache becomes chronic.

It may trouble develop. Profit by a Maysville woman's experience.

Mrs. R. W. Lauderback, W. Second St., Maysville, says: "Two years ago I was suffering with kidney trouble and had been for a long time. I was nervous and dizzy and had severe headaches. My kidneys were too frequent in action and annoyed me greatly. I had a dull ache across the small of my back and my back was so lame at times that I could hardly bend one way or the other. Some one advised me to use Doan's Kidney Pills and I got a box at Wood & Son's Drug Store. They helped me at once and I continued use entirely cured me of the trouble."

Mrs. Lauderback is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that cured Mrs. Lauderback—the remedy backed by home testimony. 50c all stores. CUBA JOINS WORLD TURMOIL: PRESIDENT ASKS VOLUNTEERS TO PUT END TO REVOLUTION

Havana, February 13—Outwardly the revolutionary situation here tonight is virtually as it has been for the last three days, but there were rumors of uprising in Camaguey, where, according to unconfirmed reports, Lieutenant Colonel Quinones, commanding the troops in that province, had rebelled together with his force.

Communication with Camaguey remains completely cut off. No trains have arrived from there since yesterday.

Among the stories in circulation concerning the trouble in Camaguey is one that former President Jose Miguel Gomez has landed there to join with the rebels.

That the government is preparing to meet a more serious situation was demonstrated today by the issuance of an official decree, signed by President Menocal, authorizing the enlistment of volunteers for service during a period of 90 days. Men between the ages of 18 and 45 are called for and neither non-citizenship nor lack of ability to read or write Spanish will act as a barrier to volunteers.

It was officially announced today that the American government had granted the request of the Cuban government to sell it 10,000 rifles and 5-000,000 rounds of ammunition.

A RIVER WHICH KEEPS ITSELF WARM

A plant in Alaska which uses the power of a river to supply current for its great electric gold dredges has hit upon the novel scheme of actually making the river keep itself warm. This is accomplished by sinking electric heating units in the bed of the stream. The power generated by the falling water actually raises the temperature of the flowing water enough to keep it from freezing up even during the coldest weather.

THE UNIVERSAL CAR

Will Prices Advance?

I have received notice from the company of an advance in the price of nearly 100 different parts that enter into the assembly of the Ford car. All other cars have advanced in price. My advice to prospective Ford purchasers is to PLACE THEIR ORDERS AT ONCE. It won't cost you anything and may save you \$50.00 to \$100.00. At any rate it will insure you getting a car, and if you delay you are sure to be disappointed as I have orders on file for every car the company has promised me till next May. ONLY YOUR IMMEDIATE ORDER WILL ASSURE YOU OF GETTING A FORD. Better take my advice.

LEAK HEARINGS TO CLOSE TODAY

Officials Who May Have Dealt in Stocks Protected by "Dummies"—Brokers on Stand—Sub-Committee to Continue Examination of Market Accounts.

New York, February 14—After an executive session tonight of the congressional committee investigating the "leak" on Wilson's peace note to the belligerent powers, it was announced that the committee expects to close its public hearings tomorrow. Further work will be done by a sub-committee, it was stated, which will consist of the examination of brokers' statements of business done for customers during the period under investigation.

There is no way for the congressional committee to learn the names of officials who may have dealt in the stock market under other persons' names unless the "dummies" themselves come forward and give the information, the committee was told at its hearing today.

The main purpose of the inquiry here, the committee has announced, is to get names of officials, if there are any, who have been profiting by advance information as to impending acts of the government.

Broker after broker was put on the stand today and asked whether there were any persons in official life at Washington among their customers, and each one said there was none. Late in the session Representative Philip P. Campbell asked L. V. Sterling, of Logan and Bryan, whether the lists of customers would reveal speculating officials.

"You might have the name of every customer of every broker in the United States and not discover such officials if they were dealing through a third party whose name alone appeared as the customer," said Mr. Sterling.

"Is there any way of finding out if any officials are dealing?"

"No way that I know of unless such customers whose names do appear and who may be trading for an unknown party, came forward and divulged his name," Mr. Sterling said.

The name of Joseph P. Tumulty, President Wilson's secretary, was again brought into the inquiry when James B. Regan, proprietor of a hotel here, was asked the direct question whether during a visit of Mr. Tumulty here December 17 and 18, he saw Mr. Regan any hint as to a prospective peace note.

GOOD SOCIAL

The social at the Christian Church drew a very large crowd last evening. The entertainment was arranged to appeal to people of all ages and those attending report a splendid time. This church certainly has some excellent socials and they are well worth attending.

PRAYER MEETING

All are cordially invited to attend this service. A Christian welcome awaits you.

The choir will practice immediately following this service.

OUR COLORED CITIZENS

On Thursday night, February 15, at 8 p. m. the Art Department of the Civic League of this city, will hold memorial meeting in honor of Hon. Frederick Douglass.

A cordial invitation is extended to the public to be present and they appeal to every man and woman of the race in what ever walk of life who have one spark of race pride to come and hear the words of praise from the men of thought who knew and walked with this great and "grandest man in tide of time," during his life, of whom the literature of many lands is rich with tributes that gratitude, admiration and love have paid to the great and honored dead, who died for us. A very excellent program has been arranged and Rev. Lee and Hon. E. W. Lane and others have been invited. Let all who would be loyal to country and flag, some and help perpetuate the memory, speak words of praise and love above his dust who was among the great citizens of the Republic.

PRICES BETTER

On the Maysville Tobacco Market—Sales Still Very Light But the Averages are Climbing Again.

The Maysville tobacco market yesterday showed that it was slowly regaining the strength it had before the panic caused by the withdrawal of the American Tobacco Co. buyers. The weather for marketing the tobacco is still very unsatisfactory. Should ideal weather conditions arrive the markets will soon be crowded as the growers are anxious to get rid of their crops as soon as possible to prepare for the next season.
